

ROUND TANKS

REIFF ROUND TANKS ARE BUILT WITH QUALITY AND STRENGTH

- All round tanks are built with strong, multi-layer fiberglass construction
- Inner/Outer standpipe combination is common with most all round tanks
- Many common sizes available
- Custom round tank construction available

ALL TANKS ARE MADE WITH QUALITY IN MIND

- Thick, multi-layer sandwich construction
- Smooth inner gelcoat layer
 - USDA approved and fish friendly
- Wide and smooth flange for strength and appearance
- Clear coat exterior available for ease of cleaning
 - Helps resist gelcoat fading

MANY DIFFERENT OPTIONS AVAILABLE

- Any drain fitting size available, 1/2" to 8" +
- Sump setup for inner standpipe/outer screen
- Multiple leg options
 - Skirted tanks
 - Adjustable legs
 - Fixed fiberglass legs
- All sizes available through custom building
- Custom built screens available for your tank
